

MUNRO

Proper Size  Perfect Fit

Fall 2016

It's called a
benefits package
for a reason.

Vacation days are
a critical part of
every work benefits
package...why do
so few of us take
advantage of them?
When it's time to
get away (and you
know when it's time),
call your best friend,
find a relaxing spot
to decompress and go.
Everyone benefits!

flex zone • ExtraLight™ molded EVA outsole

M520981 Black Leather w/Suede
M520986 Black Suede w/Patent
M520976 Grey Suede w/Patent

This weekend retreat was at Couchwood, the rustic lake home of the Couch family who were responsible
for building Rammel Dam across the Avachita River in 1924 and creating Lake Catherine, the first of Hot
Springs' three lakes. The property is composed of a main home, several cabins and a railway car (yes, you
can sleep on the "train") - it's the perfect weekend getaway.

Important Information about FIT & Munro Shoes

We use an American Fit Standard, where a Medium Width is a 'B'. European Fit Standards are different, so a Medium Width may be a 'C'. Please see our sizing chart below.

• • • • •

Shoes are made on a plastic foot form that is called a **LAST**. This form gives the shoe its shape and fit characteristics.

Last numbers are randomly assigned - they do not refer to the fit characteristics.

Shoes made on the same last will have a SIMILAR, though not identical, fit.

• • • • •

Munro Heel Heights refer to the height of your heel above the ball of your foot, NOT the height of your heel above the ground.

Munro Heel Heights allow you to assess the podiatric impact of our shoes on your feet.

• • • • •

We use different lasts for different widths, which are graded on the girth, or circumference, of the foot, not just the width at the bottom, so when you go from a Medium to a Wide width Munro shoe, the shoe will increase in all dimensions.

• • • • •

Most people's feet are slightly different sizes - fit the larger foot!

• • • • •

Look for shoe styles that fit the shape and characteristics of your foot.

• • • • •

Proper Size Perfect Fit
